EXPERIENCE

Junior Linux Systems Administrator

May 2021 – Present

The Constant Company, LLC – West Palm Beach, FL

- Learned the ins-and-outs of our internal and customer facing service portals
- Supported our growing customer base by becoming an expert on platform related inquiries
- Monitored our infrastructure for host uptime and health status
- Learned to configure and use industry standard software that powers the cloud
- Assisted our Systems Administration team with platform and host troubleshooting
- Communicated escalated issues clearly between relevant team members, via email and chat
- Participated in knowledge hand-off of technical support issues that can span multiple work shifts
- Interacted with remote data center technicians in order to troubleshoot hardware issues
- Assisted our Deployment Operations team in provisioning capacity in order to meet customer demand
